USA Sport Karate was founded to create an Independent Governing Body to oversee and organize Open Sport Karate Competition. USA Sport Karate provides a standardized set of Rules and Protocol for Open Martial Arts Competition. This will give Martial Artists a consistent experience when attending any USASK Sanctioned event. Our mission is to provide a Professional Format regardless whether you attend an Independent, or League Event when you see the USA Sport Karate Logo.

Sanctioning is open to all events that agree to adhere to the Rules and Standards of USA Sport Karate. USA Sport Karate does not host tournaments, we ensure you have a More Professional, Consistent Experience when you participate at any event.
